

QCECG – Weekly Net Exercise, 8-8-2021, N2QOJ

Scene: Multiple Explosions in Town

- 1. EOC Activated**
- 2. Town Emergency Plan Activated**
- 3. Multiple / Distributed Incident Commands Established**
12 hour shifts
- 4. Each Location and Deployed Team requires at least (1) Communicator.**

QST QST TAC-1 - Logistics

(5) Generators Available As Follows:

(2) Gas Fuel - More Available from Fire & Medical Supply Station (FIRE-2)

(3) Hybrid Fuel - Gas and Propane

Each 7,500 Watts, Gas Usage: 12 hours for every 8 gallons

No Fuel !!! (Fuel must be requested through Safety Branch of Incident Command)

NCO Concerns

- 1. I need (1) Gas Generator**
- 2. I need (2) additional Gas Generators**
- 3. I need 24 hours of fuel for all three generators brought to each site each day.**

QST QST Med-2 - Medical

Available Medical Assets

10 Cases of Field Bandages

10 Burn Kits

15 Stretchers/Cots

50 General First Aid Bags

(10) PAs (1 PA per Triage area) (1 PA for each 12 hour shift)

(30) Nurses (3 Nurses per Triage area) (3 Nurses for each 12 hour shift)

(5) Triage Staging Kits

NCO Concerns

- 1. (3) Triage areas to be set up. (1) each at (3) sites in Town**
- 2. Do you have the personnel and Triage assets to meet the request?**
- 3. We will need to support those people with food and beverage. How many total support personnel will be deployed for this Triage request?**

QST QST TAC-3 - Safety and Supplies

(5) Air Conditioned Tents

(5) Port-A-Potty

(300) MREs

(6) 55 Gallon Drums Available Immediately.

(200) Gallons of Gas Available Immediately.

NCO Concerns

1. We will need (1) AC Tent for each Triage
2. How many AC Tents will be in reserve?
3. We are rationing 3 Gallons per person per day at each Triage site. Do you have enough water to support 30 personnel for 72 hours?
4. We need gas for each generator deployed at each Triage site. How many gallons will you deploy to each site per 24 hour period?
